

Carbon Dating (Paperback)

Filesize: 2.06 MB

Reviews

Simply no words to explain. It really is basic but shocks from the fifty percent of the ebook. I am just happy to explain how this is the finest pdf we have read within my personal life and could be the best ebook for possibly.
(Blair Monahan)

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.A boy. A girl. A dinosaur. Laura Kincade is a nerd, and proud of it. She designs rockets, she hunts for dinosaur fossils, and she knows who she is. So when sizzling cowboy Ted Flint bumps into her at a party-literally, with messy results-she instantly feels out of her depth. Could a guy like Ted really be interested in a girl like her? It certainly seems like it when he invites her out to his ranch to take a look at his bone. *ahem* His DINOSAUR bone. Ted has never met anyone like Laura. She s funny, smart, and adorable. So why is she playing so hard to get? He has a harder time getting her to say yes to a date with him than he has digging up the fossil Laura discovers on his ranch. If not for ice cream, all would be lost. But when the value of the fossil leaks to the community, Ted suddenly finds himself fighting to keep it and the ranch, and Laura too. The Bonneville will stop at nothing to claim the discovery for themselves, and Ted and Laura find themselves in danger of losing the battle, and each other too. A boy. A girl. A dinosaur. And love.
