Unrefined Publishing, United States, 2015. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.Giggle and shart while gaining a wealth of knowledge. With 44 step-by-step how-to s, Grow the F*ck Up offers late teens and young adults lessons they never received at home or in the classroom. This satirically blunt novel surrounding general knowledge is an absolute must for birthday gifts, graduation presents, holidays, and more. Do you know someone that can t seem to manage their money, prepare for a job interview, use a credit card, turn off the water to the house, or write a resume and cover letter? If you answered yes to any of the above questions, then they absolutely need Grow the F*ck Up. The book doesn t merely scratch the surface. Instead, it takes readers step-by-step through over 40 tasks that all men and women should know how to perform. Sadly, most young people leave high school and even college with a diploma or two, yet they lack the common sense and knowledge required to perform everyday tasks that will serve them their entire lives. Sometimes, something that seems so incredibly simple really isn t, especially if you have never had the opportunity to do it before. Back in the day parents, teachers, and other mentors taught young people elementary tasks. However, in today s fast paced, digitally driven society those teachable moments are rarely experienced. Make those moments commonplace once more with Grow the F*ck Up. The book contains six chapters surrounding automotive, clothing, employment, financial, grilling, home improvement, and miscellaneous advice. Within each chapter you will find a plethora of how-tos that are simultaneously witty and informative. Learn how to change a car battery, sew a decent button, create a resume and...
