

No Child Left Behind and the Transformation of Federal Education Policy, 1965-2005 (Paperback)

By Patrick J. McGuinn

University Press of Kansas, United States, 2006. Paperback. Condition: New. Language: English . Brand New Book. Education is intimately connected to many of the most important and contentious questions confronting American society, from race to jobs to taxes, and the competitive pressures of the global economy have only enhanced its significance. Elementary and secondary schooling has long been the province of state and local governments; but when George W. Bush signed into law the No Child Left Behind Act in 2002, it signaled an unprecedented expansion of the federal role in public education. This book provides the first balanced, in-depth analysis of how No Child Left Behind (NCLB) became law. Patrick McGuinn, a political scientist with hands-on experience in secondary education, explains how this happened despite the country's long history of decentralized school governance and the longstanding opposition of both liberals and conservatives to an active, reform-oriented federal role in schools. His book provides the essential political context for understanding NCLB, the controversies surrounding its implementation, and forthcoming debates over its reauthorization. Using education as a case study of national policymaking, McGuinn also shows how the struggle to define the federal role in school reform took center stage in...
