

PHPP Illustrated: A designer's companion to the Passivhaus Planning Package (Paperback)

By Sarah Lewis

RIBA Publishing, United Kingdom, 2017. Paperback. Condition: New. 2nd New edition. Language: English . Brand New Book. Passive House is a leading low energy building standard. An important tool for designing Passive House buildings is the Passive House Planning Package (PHPP). This book is an essential guide to the PHPP, and sets out clear and easy-to-follow steps for inputting and understanding a building in PHPP. Fully-revised and updated, this new edition provides essential updates on the latest version of the Planning Package - an essential read for any architects, designers and students wanting to utilise the PHPP as a design tool. A short, pragmatic guide ideal for the time-poor. A very visual, easy-to-use guide, allowing you to quickly get to grips with PHPP. Designed for both practitioners and students - you don't need prior experience of low-energy or Passive House design.

Reviews

I just started off reading this article publication. This really is for all who state there had not been a really worth looking at. You will not feel monotony at anytime of your own time (that's what catalogs are for about should you ask me).

-- **Prof. Jeremie Kozey**

If you need to adding benefit, a must buy book. It normally fails to cost a lot of. Its been designed in an extremely easy way in fact it is just right after i finished reading through this ebook by which basically transformed me, change the way i believe.
