Outskirts Press, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. TANTRUM SURVIVAL KIT is a compendia of the latest empirically-based techniques documented for disruptive (tantrum, other) children ages preteen to teenage years. Simple-to-use manual provides rapid solutions facing professionals and parents. Especially for nontraditional parents (e.g., grandparents, foster parent, stepparent, adopted parent), user-friendly steps conveniently describe the logical way to control tantrums, classified into three categories. Category I is garden-variety verbal escalations universally present in most preteen to teenage households. Category II deals with more seriously aggressive tantrums in preteen children, from self-injurious to maliciously property destruction. Category III spells out a remedy for explosively violent tantrums in teenagers without parents falling into traps. Readers also get a privileged look at the reasons why commercially-favorite and even some research-favorite methods do not work and have nasty side-effects. Chapter on Impulsiveness and Attention Span provides succinct explanations for behavior problem and how to cure it. Steps show how to bypass labels of ADD, and ADHD, and deal directly with the child's behavior. Chapter on Tantrums in School guides parents and therapist on why programs fail, and how to liaison with teachers and personnel in repairing school behavior problems. No other book on the trade market comprehensively covers the inner workings of schools and how to navigate the maze. Unlike other tantrum manuals, this book is encyclopedic in its detailed review of tantrums, tantrum-related problems, and solutions to obstacles encountered during interventions.
