Reviews

This pdf may be really worth a read, and superior to other. It generally does not price too much. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Gimp Ltd, United Kingdom, 1999. Paperback. Condition: New. 4th Revised edition. Language: English . Brand New Book. Who else want to manage their money better? Understanding the Numbers takes a practical rather than theoretical approach to dealing with the everyday financial situations that we all have to face. This is the first of a short series where Dr Lawler will show you how to take control of your finances and set yourself on a track to improved wealth. The first stage of the book concerns dealing with the basic mathematics you may have forgotten about after leaving school, then Dr Lawler moves on to explain cashflow and cash analysis and shows you how, with simple yet devastatingly powerful techniques, you can get a grip on your spending and improve the management of your money.
