EPILEPSY IN CHILDREN

Jaypee Brothers Medical Publishers (P) Ltd., 2014. Softcover. Condition: New. First edition. Children have the highest incidence of epilepsy compared to any other age category. However, 70% of newly diagnosed children with epilepsy can undergo remission if treated appropriately. Unfortunately in developing countries, more than three quarters of patients with epilepsy, do not receive adequate treatment. There have been dramatic changes in the landscape of pediatric epilepsy. The classification is always in a state of flux. Partial onset epilepsy is...

Reviews

It is just one of the most popular ebook. It usually fails to price an excessive amount of. You will not really feel monotony at any moment of your time (that's what catalogues are for about when you check with me).
