APPENDIX TO A LIST OF THE GENERA OF BIRDS (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Appendix to a List of the Genera of Birds Another source of additions to the original list has been furnished by Mr. Hodgson, who being apprehensive that the unclassical names which he formerly used to designate his genera should be superseded by some of those innovators who are always ready to seize on a pretext for appropriating the credit due to others, has given to the same genera a series of more classical names, with the view of guarding himself from plunder. In accordance with established practice, however, I regard the names first given, notwithstanding the anathema which has been pronounced against them by some of our lawgivers, as sacred, and have quoted the subsequent series only as their synonyma.
