Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Jedi Mind Tricks is for any fan of Star Wars who may have wondered if there could be something like the FORCE and Jedi Mind Tricks that really works. We remind you of the FIRST and in my book the best of the Star Wars movies where Luke Skywalker is being pressured to Stay on the farm to help his aunt and uncle survive for one more season. But, events in this galaxy far far away are moving too fast and so Obi-wan must start teaching Luke about the Force very quickly so that the Galactic Empire does not become fully operational and take over the entire galaxy as the Evil Emperor desires. IF you re like me you re a big Star Wars fan. AND I have since learned that the FORCE is real and I feel it in my every day life working for me. I know it s real because scientists using the Large Hadron Collider a couple years ago, uncovered it. They didn t call it The Force - but they did discover the greatest and most powerful force in the universe. They tell us that it permeates everything and is made for all living things. Almost exactly how Obi-Wan describes it to Luke. This is the FOURTH book of mine on the subject. In my research on these past four books, I feel that I know how to use the Jedi Mind Tricks to gain more friends and thwart my enemies and that I ve been using it throughout my whole life but just didn t know what to call it. So, I think it s important enough to pass this information on to you...
