iUniverse-Indigo. Paperback. Book Condition: New. Paperback. 112 pages. Dimensions: 8.5in. x 5.5in. x 0.3in. Have you wondered why some people have all the luck or happiness or success? Why do they appear able to cope with life's ups and downs better than most? It is because they have learned to recognize, understand, and harmonize with their environments. The Sense Connection shows a simple but effective way to understand yourself and make a positive contribution to the world. Susan Hempinstall explains SiSe, or Sensory Input, Sensory Emission, and shows you how to use this innovative technique. Learn how to do the best with what you have, release negative feelings and replace them with productive positive ones, and find out how to work with an interpretation of your surroundings based on the data gathered through your five senses. We are sensory beings, and the way in which we process the data absorbed by our senses drives our preferences for things, places, and people. It also drives our intuitive abilities, the content of our dreams, and our overall well-being. Understanding the power of your senses will lead the way to positively reconditioning your responses to experiences and will help you to live a balanced life! This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
