Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Power Cruiser s Pilot Cruising is a royal sport with wonderful opportunities for obtaining health, happiness and character development. Shattered nerves or strained eyes are made whole again by rest and wholesome work afloat in a small boat. Enjoyment of life is made keener and deeper by intimate association with quiet pool and crested sea. A finer appreciation of Natures power and grandeur is awakened by the touch of the wave. A spirit of unselfishness and an eagerness to do ones share of the work is stimulated by a zest and spice which only the water can give, while an atmosphere of good fellowship and comradeship attends the intimate life aboard the cruiser. Finally, the element of danger, often present, draws men closer to each other and to the big things of the universe. Like everything worth while the value received from cruising depends upon how it is done. To get the most out of a cruise it must be done in the right way. In this little book it has been my aim to help others, particularly beginners, cruise right. The advice given is practical, not theoretical, for it has been based on my own experience gained in cruises in all types of power craft and on every kind of water. I am hoping that in some small way these pages may help fellow cruisers to make of their cruise an orderly, comfortable vacation, instead of a dismal nightmare in which everything goes wrong.
