

Workers Compensation: Overview and Issues (Paperback)

Filesize: 5.96 MB

Reviews

Good electronic book and useful one. It usually does not expense a lot of. It is extremely difficult to leave it before concluding, once you begin to read the book.

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Workers compensation provides cash and medical benefits to workers who are injured or become ill in the course of their employment and provides benefits to the survivors of workers killed on the job. Benefits are provided without regard to fault and are the exclusive remedy for workplace injuries, illnesses, and deaths. Nearly all workers in the United States are covered by workers compensation. With the exception of federal employees and some small groups of private-sector employees covered by federal law, workers compensation is provided by a network of state programs. In general, employers purchase insurance to provide for workers compensation benefits. Workers compensation has been called a grand bargain between employers and workers that developed at the beginning of the 20th century in response to dissatisfaction with the tort system as a method of compensating workers for occupational injuries, illnesses, and deaths. Under this grand bargain, workers receive guaranteed, no-fault benefits for injuries, illnesses, and deaths, but forfeit their rights to sue their employers. Employers receive protection from lawsuits but must provide benefits regardless of fault. Recently, concerns have been raised over what some allege are cuts to state workers compensation benefits or policy changes that make it harder for workers to receive benefits. These cuts and policy changes may be shifting some of the costs associated with workplace injuries, illnesses, and deaths away from the employer and to the employee or social programs, such as Social Security Disability Insurance (SSDI) and Medicare. There is no federal requirement for states to have workers compensation systems and no minimum federal standards for state systems. The decentralized nature of workers compensation led to unsuccessful calls for minimum state standards in the early 1970s...
