paperback. Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 610 Publisher: Lixin Accounting Publishing House Pub. Date :2007-10-1. In such a large background of accounting, writing an interpretation of international financial reporting standards, the main content, introduce guidelines for specific application in practice books. In particular it becomes necessary. On the one hand, as China has a growing number of companies listed overseas, the use of IFRS financial statements prepared will gradually become the internationally recognized reports, according to local guidelines need to be adjusted, these companies need to accounting and related workers understanding and mastery of the International Financial Reporting Standards; the other hand, the convergence with International Financial Reporting Standards of Chinese accounting standards system in January 1, 2007 began the implementation, for all relevant personnel, the study will help the International Financial Reporting Standards grasp the idea of ??China's accounting standards and content, to promote the implementation of China's accounting standards and applications; In addition, the emergence of China's accounting education is increasingly the trend of internationalization, there are already more and more colleges and universities to open the British Association of Chartered Certified Accountants and the Canadian Registered Institute of Chartered Accountants curriculum classes, the two sets of lesson plans for financial accounting series, mainly taught how to prepare IFRS financial statements, these students need a set of International Financial Reporting Standards reference book. Has been published on aspects of international financial reporting standards related to reading fewer books, therefore, timely publication of the book, is to meet the market needs, and to international financial reporting standards for the relevant parties interested in providing a practical reference book. This book is a study of Chinese and foreign accounting and auditing standards and comparison...
