## Assessing Childhood Psychopathology and Developmental Disabilities (Hardback)

By -

Springer-Verlag New York Inc., United States, 2008. Hardback. Condition: New. 2009 ed.. Language: English . Brand New Book. Not long ago, conducting child assessment was as simple as stating that the child gets along with others or the child lags behind his peers . Today s pediatric psychologists and allied professionals, by contrast, know the critical importance of using accurate measures with high predictive quality to identify pathologies early, form precise case conceptualizations, and provide relevant treatment options. Assessing Childhood Psychopathology and Developmental Disabilities provides a wide range of evidence-based methods in an immediately useful presentation from infancy through adolescence. Noted experts offer the most up-to-date findings in the most pressing areas, including: (1) Emerging trends, new technologies, and implementation issues. (2) Interviewing techniques and report writing guidelines. (3) Intelligence testing, neuropsychological assessment, and scaling methods for measuring psychopathology. (4) Assessment of major pathologies, including ADHD, conduct disorder, bipolar disorder, and depression. (5) Developmental disabilities, such as academic problems, the autism spectrum and comorbid pathology, and self-injury. (6) Behavioral medicine, including eating and feeding disorders as well as pain management. This comprehensive volume is an essential resource for the researcher s library and the clinician s desk as well as...

### Reviews

*The most effective publication i at any time go through. This is certainly for all those who statte that there had not been a worthy of looking at. Its been printed in an extremely straightforward way which is merely soon after i finished reading this publication where basically changed me, change the way in my opinion.*
