Bierce himself shows his recognition of the underground quality of his reputation in a letter to George Sterling: How many times, and during a period of how many years must ones unexplainable obscurity be pointed out to constitute fame Not knowing, I am almost disposed to consider myself the most famous of authors. I have pretty nearly ceased to be discovered, but my notoriety as an obscurian may be said to be worldwide and everlasting. Anything which would throw light on such a figure, at once obscure and famous, is valuable. These letters of Ambrosevi Bierce, here printed for the first time, are therefore of unusual interest. They are the informal literary work the term is used advisedly of a man esteemed great by a small but acutely critical group, read enthusiastically by a somewhat larger number to whom critical examination of what they read seldom occurs, and ignored by the vast majority of readers; a man at once more hated and more adored than any on the Pacific Coast; a man not ten years off the scene yet already become a tradition and a legend; whose life, no less than his death, held elements of mystery, baffling contradictions, problems for puzzled conjecture, motives and meanings not vouchsafed to outsiders. This item ships from La Vergne, TN. Paperback.
