BOOK 3: THE GOD PARTICLE SERIES (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Book 3 continues the tale of the elusive God Particles and their human accomplices, Honey and Jack. The third book in the series takes up the often irreverent and sometimes amusing, philosophical insights bestowed upon Book as he attempts to save the universe (that would be this universe). In doing so, he enlists the help of powerful allies. At least, they were powerful before getting involved with the God Particles. It really isn't a good idea to buy this book unless you've read the first two in the series and you may decide not to bother at all, which is fine. Either way, events will unfold and it will be useful if us humans at least try to direct them towards a better future for those who will inherit our planet. At least, that's what Book thinks.
