COMPLEMENTARY ONCOLOGY

Condition: New. Publisher/Verlag: Thieme, Stuttgart | One of every four deaths occurring in the United States today is due to cancer, and the number of diagnoses continues to increase. Fortunately, however, cancer treatments are improving, which means more and more patients are surviving for longer periods. Complementary methods have played an important role in these treatments, showing benefits such as a higher quality of life, reduced instance and severity of the side effects of standard therapy, and a general improvement of...
