Brand New Book ***** Print on Demand *****.The family is the basic and most important place in any person s life and plays a vital role in the community. It is the heart of any society. The family is a place of refuge, solace, comfort and healing. Every person came from a family and needs a family to get the best out of life. It is a shame that many people don t have a family they can resort for all that the family offers. Many families are fragmented and need restructuring to deliver the support that people need. Building a healthy family is not a one-time effort; it requires a continuous work. Studies and new thinking are needed to keep pace with changes in the society.
