GeLaSy, Inc., United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Law enforcement in the United States is on the cusp of a crisis in regards to the public's trust and the industry's ability to self-police. Sensational headlines involving corruption, abuse of power, and police officer criminal misconduct continue to raise public concern. For the past five decades police officers, prosecutors, defense attorneys and judges have conducted business shrouded in a cloak of secrecy virtually unquestioned by anyone outside of the legal system. Yet in the wake of the prominent police shootings of Michael Brown, Alton Sterling, and Philando Castile the public is demanding explanations. In a system of justice where the public's trust is placed in the checks and balances established, the integrity of those involved is supposed to be above reproach. Ultimate trust is bestowed upon the police officers who enforce the laws, the attorneys who handle the case, and ultimately the courts who hear the case and pronounce judgment. Unfortunately, just a cursory review the United States Supreme Court records reveals this is a process with a systematic integrity problem bordering on complete moral failure. This is both preventable and unnecessary; if each component within the judicial system would conduct themselves with the highest of ethical standards and rigidly follow their respective ethical oaths. In a system where over ninety-seven percent of the cases are concluded without going to trial, it is critical to the process for those given such high standing to be above suspicion in their professional morals and integrity. Within this system, transparency is essential. It wouldn't matter whether the ethical failure or betrayal of the law enforcement Code of Ethics came from an individual officer, police administrator, or entire organization, because the...
