SCIENCE, EVOLUTION AND GOD

Createspace, United States, 2013. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.The Bible says: Every word of God is flawless; he is a shield to those who take refuge in him. Do not add to his word, or he will rebuke you and prove you a liar. (Proverbs 30:5). That is the whole truth. Whatever knowledge any of us attains in this life is made possible by God and Him alone. There is nothing to learn unless He gives us an insight into something. He created knowledge; He leads us to it; He allows us to learn it by helping us decipher it; He helps us to commit it to our memory; and finally, He helps us to retain it by safeguarding it within our memory. And when it is time to apply the knowledge, He helps us retrieve it and apply it proficiently and profitably. Therefore, the claim that life autonomously emanated from dormant lifeless matter and developed into intricately designed microscopic cells which autonomously diversified into discrete and sophisticated structures and functionality is simply a fantasy, and a maddening attempt to discredit the divine power that exquisitely designed and brought forth life and created an infinite diversity and set the course for its replication and perpetuity. Remember: Every word of God is flawless; he is a shield to those who take refuge in him. Do not add to his word, or he will rebuke you and prove you a liar. Everything is whatever God says it is. And listen to the following passage from the Book of Isaiah and be convinced: . . I am the Lord, and there is none beside me. (Isaiah 45:6). Science, astronomy, medicine, computers science, law, engineering and all the other fields...
