ACCEPTANCE: EMBRACING LIFE S EXPERIENCE (PAPERBACK)**DOWNLOAD**

Dog Ear Publishing, 2009. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Much has been written about the increasing pace of change and the complexity of challenges that we encounter every day. As we move from task to task, often juggling multiple tasks, time seems to evaporate in the exhaustion of doing. In our work, play, our interactions with others, and the constant drone of electronic communication, our thoughts perpetuate the tug-of-war between events in our past and expectations of our future. Seldom do we allow ourselves to simply be in the present, open to whatever is occurring within and outside of us now. Consequently, our reluctance (not our inability) to stop and smell the roses prevents us from realizing the full acceptance of ourselves, others and the myriad experiences that occur to us. This book explores the essence of being in the present and its relevance to all manifestations of acceptance. Over the course of this book we will explore acceptance as a way of thinking, feeling and behaving. As the critical elements in the experience of acceptance are explained and illustrated, we will learn about the creation of non-judgmental awareness and then the process of taking ownership and responsibility for that which emerges in our awareness. From our understanding of the nature of acceptance, we will sequentially address the rationale and application of acceptance to ourselves, others and the trying conditions that challenge all of us. Acceptance of our personal experience of pain, illness and death will receive particular attention in these pages. Additional attention will be given to the experience of faith as a transcendent belief that has sustained acceptance over the millennia. Each chapter will focus upon a particular topic or theme and culminate in a number of questions to reflect...
