Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Large Print. Language: English . Brand New Book ***** Print on Demand *****.The story opens on an oppressively hot day with a poor little newspaper boy, Charley, playing with a burning glass (a magnifying glass) which he uses to concentrate sunlight onto a small focal spot, thus intensifying the heat on some paper until it burns a hole, perhaps a portent of things to come. Climate patterns change immediately. Water levels in the oceans worldwide fall as the water seems to be consumed by this terrifying object. The English Channel goes...
