Coventry House Publishing, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Utilitarianism is a classic exposition and defense of utilitarianism in ethics. Written by political economist and civil servant John Stuart Mill, the essay first appeared as a series of three articles published in Fraser s Magazine in 1861; the articles were collected and reprinted as a single book in 1863. The essay provides support for the value of utilitarianism as a moral theory and defends it against a wide range of criticisms and misunderstandings. Though heavily criticized both in Mill s lifetime and in the years since, Utilitarianism has been credited with popularizing utilitarian ethics and is considered the most influential philosophical articulation of a liberal humanistic morality that was produced in the nineteenth century.
