

Medical Ethics: Accounts of Ground-Breaking Cases with Connect Access Card (Mixed media product)

By Gregory E Pence

McGraw-Hill Education, 2016. Mixed media product. Condition: New. 8th ed.. Language: English . Brand New Book. Medical Ethics: Accounts of Groundbreaking Cases provides an in-depth study of Bioethics authored by a pioneer in the field. This program covers some of the most well-known bioethics cases and the ethical issues those cases present. It also gives an overview of current issues in the medical ethics field. The thought-provoking content affords students the opportunity to think beyond what is presented in the book, enabling them to actively assess what they have read. The Connect course for this offering includes SmartBook, an adaptive reading and study experience which guides students to master, recall, and apply key concepts while providing automatically-graded assessments. McGraw-Hill Connect(R) is a subscription-based learning service accessible online through your personal computer or tablet. Choose this option if your instructor will require Connect to be used in the course. Your subscription to Connect includes the following: - SmartBook(R) - an adaptive digital version of the course textbook that personalizes your reading experience based on how well you are learning the content. - Access to your instructor's homework assignments, quizzes, syllabus, notes, reminders, and other important files for the course. -...
