

Water Roulette: The Truth about the Water We Drink (Paperback)

By Bill Strait

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Does our bottle of water with the fancy label contain distilled, spring, artesian, mineral. or tap? Water is streaming into the forefront of our collective consciousness. Recent MSM reports from Fukushima to Flint have opened our minds to very real issues relating to the purity and sanctity of our municipal water system and even forcing us to challenge our belief system in our chosen branded bottle. We place our bet on water roulette with every spin of the water wheel. With the revelation that our precious bottled water is possibly derived from the same sources as our faucets, WATER ROULETTE is a timely treatise about one of our most sacred rituals: drinking water. This book is enlightening, and sometimes frightening. There is information here that every American needs to know, and that every citizen of the world should not overlook. Water Roulette is an uncommon book, and hopefully will convert many people into water activists.
