

Behavioral Science in Policy and Practice

By Craig R. Fox, Sim B. Sitkin

Brookings Institution. Paperback. Book Condition: new. BRAND NEW, Behavioral Science in Policy and Practice, Craig R. Fox, Sim B. Sitkin, The success of nearly all public- and private-sector policies hinges on the behavior of individuals, groups, and organizations. Today, such behaviors are better understood than ever, thanks to a growing body of practical behavioral science research. However, policymakers often are unaware of behavioral science findings that may help them craft and execute more effective and efficient policies. The pages of this new journal will become a meeting ground: a place where scientists and non-scientists can encounter clearly described behavioral research that can be put into action. By design, the scope of BSP is broad, with topics spanning health care, financial decisionmaking, energy and the environment, education and culture, justice and ethics, and work place practices. Contributions will be made by researchers with expertise in psychology, sociology, law, behavioral economics, organization science, decision science, and marketing. The first issue includes articles that challenge assumptions that many people have about behavioral policy interventions. This includes the assumption that intuitions are a valid indication of policy effectiveness, the assumption that large effects require large interventions, the assumption that pre-selecting defaults is more coercive...
