Die Offenheit Des Sinns: Untersuchungen Zu Sprache Und Logik Bei Martin Heidegger (Hardback)

By Michael Steinmann

JCB Mohr (Paul Siebeck), Germany, 2008. Hardback. Condition: New. Language: German . Brand New Book. English summary: Heidegger's philosophy of language contains a basic idea: language is relational openness. In this work, Michael Steinmann provides a systematic reconstruction of Heidegger's thoughts on language, based on his early works on logic, on Being and Time and On the Way to Language. Heidegger explained relational openness in regard to the synthetic structure of judgment. Michael Steinmann shows that Heidegger's approach was embedded in the debates of the Neokantian movement, parts of which are reconstructed in this book. In Being and Time, he developed a dynamic theory of meaning which saw the essence of language in the openness for different contents and their combination. In view of his later work, it is clear that even texts whose style may seem esoteric are based on clear and understandable arguments. The central insight is that meaning is not necessarily determined by intentionality. German description: Heideggers Beschäftigung mit der Sprache ist vielfältig und bestimmt sein Denken von Beginn an bis zu seinem Ende. Gleichwohl folgt sie einem Grundgedanken: Sprache ist in ihrem Wesen als Verbindungsoffenheit charakterisiert. Hiervon ausgehend rekonstruiert Michael Steinmann Heideggers...
