Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from **Essentials of Vaccination: A Compilation of Facts Relating to Vaccine Inoculation and Its Influence in the Prevention of Small-Pox** This little volume is, of course, not intended to be a comprehensive treatise on Vaccination; but I believe that a careful compilation of the more essential facts relating to this all-important subject will not prove unacceptable to the profession. This conviction is strengthened by the knowledge that much of the literature bearing on Vaccination in its modern aspects, especially Animal Vaccination, is more or less inaccessible to the general reader. As the practical administration of Vaccination in America differs to some extent from the customs prevailing in Europe, it will be found that this fact has been given due consideration. I have availed myself freely, and in many instances literally, of the labors of eminent vaccinologists in this country and abroad; but I believe that due acknowledgment has been made in every case. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
