Reviews

This is an amazing book that I actually have actually read through. I am quite late in start reading this one, but better then never. You will not truly feel monotony at anytime of the time (that's what catalogs are for concerning should you ask me).

THE EUDEMIAN ETHICS

[DOWNLOAD PDF](#)

Oxford University Press. Paperback. Book Condition: new. BRAND NEW, The Eudemian Ethics, Aristotle, Anthony Kenny, 'We are looking for the things that enable us to live a noble and happy life, and what prospects decent people will have of acquiring any of them.' The Eudemian Ethics is a major treatise on moral philosophy whose central concern is what makes life worth living. Aristotle considers the role of happiness, and what happiness consists of, and he analyses various factors that contribute to it: human agency, the relation between action and virtue, and the concept of virtue itself. Moral and intellectual virtues are classified and considered, and finally the roles of friendship and pleasure. It deals with the same issues as the better-known Nicomachean Ethics, with which it holds three books in common, and its special qualities, as well as the similarities and differences between the two works, are of fundamental concern to anyone interested in Aristotle's philosophy. This is the first time the Eudemian Ethics has been published in its entirety in any modern language. Anthony Kenny's fine translation is accompanied by a lucid introduction and explanatory notes, which assist the reader in understanding this important work. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.
