Brand New Book ***** Print on Demand *****.Excerpt from Outlines of a Plan, Calculated to Put a Stop to the Progress of the Malignant Contagion: Which Rages on the Shores of the Mediterranean, If, Notwithstanding Every Precaution to the Contrary, It Should Unfortunately Make Its Way Into This Country in the year 1720, when the Plague raged at Marseilles, it was thought that this country was exposed to much risk of importing the contagion; and a physician of great eminence was required by Government to draw up some directions concerning the precautions which should then be observed. Unfortunately our risk in this respect, is, at the present moment, considerably greater. Hence the author of the following pages has been induced to lay before the Public his suggestions on the subject. The measures he proposes are not very different in principle from those recommended by Dr. Mead; but they form a plan or system, which is much more extended in its operation, and therefore calculated, as he imagines, to give a greater degree of security. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
