

## Servants of the State: Managing Diversity and Democracy in the Federal Workforce 1933-1953 (Hardback)

By Margaret Rung

University of Georgia Press, United States, 2002. Hardback. Condition: New. New. Language: English . Brand New Book. Servants of the State traces the halting rise of a pluralistic attitude in hiring and promotion procedures within the federal government. Ranging from the Great Depression to World War II to the early days of both the civil rights movement and the Cold War, Margaret Rung reveals how circumstances in each of these eras shaped how federal managers conceptualized merit for female and African American workers. At the same time, Rung shows how labor relations, as practiced by the nation's most prominent employer, reflected and fostered broader social and cultural debates concerning American identity in a diverse and democratic society. Rung draws on an impressive array of sources, including previously unexamined archival materials, oral histories, and personnel manuals, as she tells how federal administrators and employees destabilized earlier patterns of discrimination based on white male privilege - only to confront new challenges engendered by personnel trends grounded in sociology and psychology. In the end, a renewed commitment to democracy and social justice in the 1930s and 1940s did not entail a complete restructuring of government labor relations policy or the merit system....
