Reviews

It is one of the best publications. It is definitely simplistic but exciting in the 50% in the ebook. I am very happy to let you know that this is basically the greatest publication I have got to go through within my own existence and could be the greatest pdf for ever.

Oxford University Press. Hardcover. Condition: New. 448 pages. Dimensions: 9.3in. x 6.3in. x 1.3in. This is a study of the transplantation of a creed devised by and for African Americans--the African Methodist Episcopal Church--that was appropriated and transformed in a variety of South African contexts. Focusing on a transatlantic institution like the African Methodist Episcopal Church, the book studies the complex human and intellectual traffic that has bound African American and South African experience. It explores the development and growth of the African Methodist Episcopal Church both in South Africa and America, and the interaction between the two churches. This is a highly innovative work of comparative and religious history. Its linking of the United States and African black religious experiences is unique and makes it appealing to readers interested in religious history and black experience in both the United States and South Africa. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Hardcover.
