By Prof Alessandro Antonietti

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: Italian . Brand New Book ***** Print on Demand *****. Il libro raccoglie una serie di brevi brani musicali composti per mettere in luce come, su una medesima struttura armonica, si possono innestare forme, stili e figure musicali diversi. La raccolta è pensata per scopi didattici. Nel corso di attività di formazione si è infatti rivelato utile esemplificare i meccanismi psicologici attraverso cui si costruisce il significato della musica (e che stanno a fondamento degli impieghi terapeutico-riabilitativi della musica) per mezzo di brani inseriti in una cornice unitaria e riportabili a un identico modello di base. Vedi: (Description in English): The music pieces which are collected here have been composed to highlight how different shapes, styles, and figures can be embedded in the same harmonic structure. During training activities it has proved useful to exemplify the psychological mechanisms underlying the meaning of music (and which are the basis of the therapeutic-rehabilitative uses of music) by means of pieces inserted in a unitary frame and grounded on the same model. This collection is delivered for these educational goals. See:
