Outskirts Press, United States, 2009. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.There are currently over 150 million people in the U.S. workforce, and over 22 million of those people work in public sector jobs. There s a lot of crap being left around the office. There are those who are forced to eat it, clean it, step in it, or get it thrown in their face. These people are called the Workforce. Some in the office drop them bigger and nastier than others. These people are called Executives. Then there are the poor schmucks in the middle. These people are called Managers. This book is about them, the persistent Dung Beetle Managers. The Dung Beetle Manager must master the rules of dung, know the turd types, the nature of their Dung Beetles, and then apply tailored strategies to clean up the piles left behind. This book draws from the lowest common denominator to the species. Shit happens, farts are funny, everybody shits, and shit stinks. In a nutshell, this book uses the idea of using poop and dung beetles as a metaphor for higher learning in the ways of organizational dynamics and human behavior in the office. This book will appeal to anyone who ever uttered the words that s bullshit ; whether in the Federal, state, or local government or local grocery store. There are countless management and leadership books in the marketplace that spend hundreds of pages droning on about profoundly obvious, simple truths. Good habits are good. Trust is good. Empowerment is good. Waste is bad. Quality is good. The economy is complex. The Internet is transformational. Leadership is hard. Change is hard. Many of these books provide great insight but they don t really challenge the reader to spin...
