Brand New Book ***** Print on Demand *****.The often quoted (and slightly incorrect) statistic is that half of all marriages end in divorce. While that figure is not accurate, it is not far from the truth. Odds are you or someone very close to you will go through or be affected by a divorce. Attorney, Jeff Alford has made a career representing people and families in high stakes, high conflict divorce and child custody cases. Using a very straightforward no nonsense, no -legalese- approach, Jeff breaks down complicated divorce and custody issues so they are easy to understand and apply to your situation. What does -best interests of the child- really mean? What is non-marital property? Does my ex have to help pay for my child's braces? Using real world examples and experience from his years in the courtroom The author answers all of these questions and more. Whether you are contemplating a divorce, have just been served with papers, or you are trying to understand your rights prior to or after a divorce, this book is for you.
