Oxford University Press. Hardcover. Condition: New. 304 pages. Dimensions: 0.0in. x 0.0in. x 0.0in. Sex is cheap. Coupled sexual activity has become more widely available than ever. Cheap sex has been made possible by two technologies that have little to do with each other--the wide uptake of the Pill and high-quality pornography--and its distribution made more efficient by a third, the uptake of online dating. Sex and its satisfactions are becoming increasingly important in contemporary life. No longer playing a supporting role in enduring relationships, sex has emerged as a central priority in relationship development and continuation. But unravel the layers, and it is obvious that the emergence of industrial sex...
