

Flatland: A Romance of Many Dimensions

By Edwin Abbott Abbott

IndoEuropeanPublishing.com. Paperback. Book Condition: New. Paperback. 154 pages. Dimensions: 8.5in. x 5.5in. x 0.3in. Very popular amongst mathematics, physics, and computer science students, Flatland: A Romance of Many Dimensions is an 1884 satirical novella by the English schoolmaster Edwin Abbott. Writing pseudonymously as a square, Abbott used the fictional two-dimensional world of Flatland to offer pointed observations on the social hierarchy of Victorian culture. However, the novella's more enduring contribution is its examination of dimensions; in a foreword to one of the many publications of the novella, noted science writer Isaac Asimov described Flatland as "The best introduction one can find into the manner of perceiving dimensions." Several films have been made from the story, including a feature film in 2007 called Flatland. Other efforts have been short or experimental films, including one narrated by Dudley Moore and a short film with Martin Sheen titled Flatland: The Movie. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
