

Go Fly a Kite!: Reason with Shapes and Their Attributes

By Harper Avett

Rosen Classroom, United States, 2014. Paperback. Book Condition: New. 198 x 193 mm. Language: English . Brand New Book. Shapes are everywhere, and understanding their attributes is an essential part of third-grade math education. A comprehensive introduction to geometry is told through relatable narratives and real-world situations, teaching readers how to recognize geometric principles in everyday life. Appealing visuals and age-appropriate content work together to reinforce complex math concepts. Flying a kite is both enjoyable and educational, as it teaches students important facts about the attributes of shapes. This volume meets CCSS Math Standard 3.G.A.1.

Reviews

Merely no words to spell out. I am quite late in start reading this one, but better then never. I am happy to explain how this is actually the very best publication we have go through within my personal daily life and can be he best ebook for at any time.

-- **Althea Christiansen**

The publication is great and fantastic. I actually have read through and i am sure that i am going to planning to go through yet again yet again down the road. I realized this pdf from my dad and i encouraged this publication to understand.
