Reviews

Basically no phrases to clarify. It really is written in straightforward phrases rather than hard to understand. You will not sense monotony at any moment of your own time (that's what catalogues are for concerning if you ask me).
(Doris Beier)

MASTER THE CAST: FLY CASTING IN SEVEN LESSONS

McGraw-Hill Education - Europe. Paperback. Book Condition: new. BRAND NEW, Master the Cast: Fly Casting in Seven Lessons, George V. Roberts, This book helps you hone your fly-casting skills in just a few hours! The better you can cast, the more you'll enjoy fly-fishing. With good casting technique you can place the fly where you want it, effortlessly and with precision and grace, even when wind or obstructions conspire against you. In "Master the Cast", George V. Roberts Jr., a lifelong fly-fisher and sought-after instructor, walks you through a course that breaks the complicated mechanics into a few simple components. Then, with the help of hundreds of photos and illustrations, he shows you how to master these in seven concise lessons, including: The Roll Cast, which builds your rod-arm mechanics (how the hand, wrist, forearm, and upper arm function to make the rod work); The Pick-Up-and-Lay-Down Cast, which forms the foundation of all straight-line casting; False Casting, which allows you to keep the fly airborne for several strokes before delivering it; plus Shooting Line; Casting in All Planes; Drift and Follow-Through; Off-Vertical Casting, and an advanced lesson on Hauling. "Master the Cast" is an indispensable resource for all fly-fishers, beginner to advanced, that will have you casting flies with confidence, precision, and consistency after only a few hours' practice. 'Most fly-fishers cast mechanically without understanding the mechanics of the cast. But understanding precisely what is going on and why is what makes a good caster into an excellent one. George Roberts understands casting mechanics inside and out, and his "Master the Cast" will help you do just that' - James R.Babb, editor, "Gray's Sporting Journal". Praise for George Roberts' "A Fly-Fisher's Guide to Saltwater Naturals and Their Imitation": 'A book in a class by itself' - "Fly Fishing Saltwater". 'It...
