Whether you are a hobbyist, thinking about getting a certification or exemption or if you're already Part 107, 333 exempt or blanket COA, this logbook was made for you. Whether you're a recreational, professional or someone thinking about getting certified, logging your flights is an essential part of being a responsible drone pilot. Currently, the FAA doesn't have any reporting regulations covering hobbyist or personal use. If you're considering getting a professional use certification or insurance, logged time establishes eligibility for certificates and ratings. If this is just for personal use, choose what you want to log and keep records to prove your safety history in case of an incident. Detailed logging is a great way to protect yourself and your equipment. Use the checklist to make sure you never skip an important step that could cause damage to your equipment or worse, cause damage to you, other people or other people's property. Impress future clients by showing them you have the experience required to do the job. Fill out as much...
