Harvard University Press. Paperback. Book Condition: New. Paperback. 220 pages. Dimensions: 8.9in. x 5.6in. x 0.6in. Reflecting on her own working class roots and taking us into the homes and the confidence of working class girls today as they watch television and movies and listen to popular songs, she gives us a sense, at once troubling and poignant, of the portrayal and manipulation of little girls as a canny part of the production of civilized femininity. At the center of this work is the issue of how girl children are taught to think of themselves and how their depiction puts them in their place. This concern leads Walkerdine to questions about television and parental control, about Freud's seduction theory and the origins of fantasy,...
