Nonlinear Elliptic and Parabolic Problems A Special Tribute to the Work of Herbert Amann Progress in Nonlinear Differential Equations and Their Applications

By -

Birkhäuser. Hardcover. Book Condition: New. Hardcover. 536 pages. Dimensions: 9.1in. x 5.8in. x 1.3in. Celebrating the work of a renowned mathematician, it is our pleasure to present this volume containing the proceedings of the conference Nonlinear Elliptic and Parabolic Problems: A Special Tribute to the Work of Herbert Amann, held in Zurich, June 28-30, 2004. Herbert Amann had a significant and decisive impact in developing Nonlinear Analysis and one goal of this conference was to reflect his broad scientific interest. It is our hope that this collection of papers gives the reader some idea of the subjects in which Herbert Amann had and still has a deep influence. Of particular importance are fluid dynamics, reaction-diffusion systems, bifurcation theory, maximal regularity, evolution equations, and the theory of function spaces. The organizers thank the following institutions for provided support for the conference: Swiss National Foundation, Zürcher Hochschulstiftung, Zürcher Universitätsverein Mathematisch-naturwissenschaftliche Fakultät (MNF). Finally, it is our pleasure to thank all contributors, referees, and Birkhäuser Verlag, particularly T. Hemping for their help and cooperation in making possible this volume. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Hardcover.

Reviews

This is the finest publication we have read through right up until now. Better than never, though I am quite late in start reading this one. Its been written in an remarkably easy way in fact it is only after I finished reading through this book by which basically altered me, affect the way I think.

-- **Dr. Gabriella Hayes**

This ebook is very gripping and exciting. It is one of the most amazing book we have study. Its been printed in an remarkably easy way and it is only after I finished reading this book through which really transformed me, affect the way I think.

-- **Camille Greenholt**
