National Geographic Society, United States, 2018. Hardback. Condition: New. Language: English . Brand New Book. From the world-famous couple who lived alongside a three-generation wolf pack, this book of inspiration, drawn from the wild, will fascinate animal and nature lovers alike. For six years Jim and Jamie Dutcher lived intimately with a pack of wolves, gaining their trust as no one has before. In this book the Dutchers reflect on the virtues they observed in wolf society and behavior. Each chapter exemplifies a principle, such as kindness, teamwork, playfulness, respect, curiosity, and compassion. Their heartfelt stories combine into a thought-provoking meditation on the values shared between the human and the animal world. Occasional photographs bring the wolves and their behaviors into absorbing focus. * EVERGREEN SUBJECT: Wolves continue to fascinate people, young and old. Protected, their North American population has grown so that they will soon be removed from the Endangered Species list, bringing continued attention to the species and heightening debates about its role in the landscape. * MEDIAGENIC AUTHORS: Charismatic couple Jim and Jamie Dutcher are worldwide authorities on wolves, with extensive media experience (including appearances on Morning Joe, Today, Good Morning America, NPR, BBC, and in People and the New York Times). Emmy-winning documentary filmmakers, they continue to draw enormous audiences at NG Live! and other events, attracting new fans and old. * BUILDING ON PRIOR SUCCESS: The Dutchers Hidden Life of Wolves has sold almost 50,000 copies since its publication in 2013; their many fans will want this book, too, as it takes their observations to a new level. * CORE NATIONAL GEOGRAPHIC CONTENT: Intimate stories and photographs of animals are an NG specialty, and this book contains both.
