Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from A Short Grammar of Attic Greek Attention may be drawn to the following details. Homeric forms and constructions, which enlarge and embarrass both etymology and syntax of most grammars, have been omitted. This seemed feasible because modern text-books of Homer present an adequate outline of the author's peculiarities by way of introduction, to which the student can be referred. In the inflection of verbs stress is laid upon the formation of the principal parts of regular verbs. But only the most general rules of formation are presented, since verbs must be learned in practice from the dictionary rather than be pieced together from given principles.
