An extremely awesome publication with lucid and perfect explanations. It is actually written in basic phrases rather than confusing. You will like how the writer publishes this book.

NINO S EPIPHANIES: A CHIROPRACTOR EXPLAINS TO YOU AND YOUR DOCTOR WHAT REALLY CAUSES AND CURES BACK AND JOINT PAIN (PAPERBACK)

Createspace, United States, 2010. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.An overdue revelation of the revolutionary diagnostic and treatment techniques a chiropractor developed during his desperate, decades-long quest to identify and eliminate his patients musculoskeletal pains, Nino s Ephiphanies chronicles the journey of Dr. John Ramsey as he discovers how to help people live pain-free without surgery, drugs, or exercise. Dr. Ramsey s methods do not simply eliminate pain. They eliminate the underlying cause of pain by addressing the foundation of bodily health itself-the functioning of the musculoskeletal system. Nino s Epiphanies is the only book currently available to:

- Pinpoint the root cause of ill health and describe treatments that correct the underlying reason for pain.
- Disprove assumptions of conventional medical care that have gone unchallenged for generations.
- Dispel popular misconceptions of common and not-so-common ailments.
- Offer hope and healing to people who have been told they are just getting old, they need surgery, or they need drugs to treat their problems.
- Provide anecdotal evidence from nearly a half-century of work with patients.

You will come away from Nino s Epiphanies with some epiphanies of your own: most back, neck, and joint surgeries are unnecessary; most drugs are unnecessary; most medical treatments treat only the pain, not what causes it; and the human body has the power to heal itself with the proper treatment. And most important of all-you don t have to suffer ever again from chronic pain.
