THE COEVOLUTIONARY PROCESS (PAPERBACK)

The University of Chicago Press, United States, 1994. Paperback. Condition: New. 2nd ed.. Language: English. Brand New Book. In this text, Thompson advances a new conceptual approach to the evolution of species interactions - the geographic mosaic theory of coevolution. Thompson demonstrates how an integrated study of life histories, genetics and the geographic structure of populations yields a broader understanding of coevolution, or the development of reciprocal adaptations and specializations in interdependent species. Using examples of species interaction from..
