

Killer Technique: Bass Guitar (Paperback)

By Collin Bay

Mel Bay Publications, 2012. Paperback. Condition: New. Language: English . Brand New Book. Killer Technique: Bass Guitar is a technique and daily study book inspired by Corey Christiansen's Gig Savers: Killer Technique book for guitar (MB20028). This book provides concepts and daily routines to help players gain facility on their instrument by improving technique and avoiding injury. The exercises can be used as a warm-up or as full-speed technical studies. Many of the exercises focus on one hand or the other; others are designed specifically to improve synchronicity between the two hands. It is useful for musicians of any level. The exercises are presented in string numbers, fret numbers and fretboard diagrams rather than standard notation or tab. This book will work for any variety of bass guitar-electric, acoustic, fretless-and the material can easily be adapted for bass guitars with five or more strings.

Reviews

Complete guideline for pdf fanatics. I could possibly comprehend everything out of this created pdf. You can expect to like just how the writer compose this pdf.

-- **Nya Kunde**

It is a single of my personal favorite publication. It usually fails to charge an excessive amount of. Once you begin to read the book, it is extremely difficult to leave it before concluding.
