STEAMPUNK ADULT COLORING BOOK (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Steampunk is a wonderfully fanciful alternative genre that brings together elements of the Goth, Industrial, and Victoriana subcultures in a way that makes all three accessible and FUN. It s an expression of the love of all things vintage and the creativity to bring your inventions to life. All thirty of the highly detailed grayscale coloring pages you will find inside this book feature the fantasy artwork of Tabz Jones. Originally these digital art pieces were rendered in full 3D color, now they are available for you to color at home. **Just a quick note to buyers; You may find that some of the pages in my coloring books are darker than other artist s books, I have found through coloring these pages myself that darker pages lend themselves very well to heavier mediums such as markers, gel pens, and even watercolors. Also, there are new techniques for blending colored pencils such as using baby oil and petroleum jelly that can completely washout lighter pages. I have tried to include a variety of shades to accommodate every skill level, from beginners to advanced in every book that I create. I encourage you to step outside your comfort zone and try something new, I hope that you will be pleasantly surprised by what you can create =).
