Createspace, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Shoot, Run, or Die: A Second Amendment Adventure Book gives the reader a chance to travel through a variety of everyday settings while exploring the option of carrying a concealed weapon. The book has dozens of different outcomes and consequences, determined by whether the reader chooses to obtain a license to carry a concealed weapon, or is too afraid of guns to consider this form of self-defense as an option. Some stories in this book are very loosely based on real-life news events in our country. This book is perfect for the second amendment enthusiast who wants to be the hero in the story, or for liberal friends who might be in need of persuasion regarding the importance of the second amendment and their own personal responsibility when it comes to self-defense. Either way, this book is a fun, thought-provoking, second amendment advocacy book designed to make the reader consider which they would rather be in life: a sheep, or the sheepdog, when encountering a wolf in everyday life. Shoot, Run, or Die: A Second Amendment Adventure Book is timely and pertinent to our nation today, as controversy swirls around the topic of gun control vs. gun rights. This topic is continuously up for debate by our elected politicians, as news events stoke the fires in both camps. This book provides a venue free from politics, just a healthy dose of what reality could be - without the actual consequences of being there.
