Createspace Independent Publishing Platform, 2018. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. INTRODUCTION Just every one prays to be great. Many just don't know how. However, the undiscovered truth is that we all are naturally designed to achieve greatness in life. We are simply great by default. No one is crafted to be ordinary. There is simply nothing we cannot do. Time and time again, history has shown that man is capable of achieving just anything thinkable, anything at all. There is no limit whatsoever. I often tell people, God is too busy to create something below realm of excellence. The only fall back is that many are yet to realize the great power embedded in each and every one of us. This book comes as a wake-up call to help you arouse the sleeping giant in you. It will help you give a closer look at yourself as you begin to realize the great power and potential lies within you. Like I learnt from John Mason, this book is prepared so as to make you learn over 20 ideas in one page than one idea in over 20 pages. It is written in an easy to read pattern with easy to understand English. If well read and judiciously followed, this book brings one to the path of self-discovery and sets you up for greater and more glorious achievement in life.
